Parole statistics are incomplete because all data are not received by TDOC immediately after inmates are paroled. Therefore, the numbers for any given month may be different from the previous month's report.

#### FEMALE FELON POPULATION UPDATE-USER'S GUIDE

#### **Incarcerated Population**

**TDOC:** Felons sentenced to Tennessee Department of Correction custody and housed specifically in TDOC institutions.

**TDOC Backup**: Felons sentenced to TDOC custody and held in local jails while awaiting transfer to a TDOC institution.

**Locally Sentenced**: Convicted felons sentenced to serve their time in a local jail. As felony offenders, these persons are under TDOC jurisdiction.

#### **Admissions**

**New Commits**: Refers to any person who is beginning his/her incarceration to TDOC (or jail if locally sentenced). (Note: This would include a first incarceration for all persons after an expired sentence or a violation of their probation resulting in a new felony charge.)

**Violators Returned**: Refers to an individual; who has been revoked on his/her current sentence **BUT** this is **NOT** the first time he/she has served time in a TDOC (or jail if locally sentenced) facility.

#### Releases

**Parole**: Felons originally sentenced to an incarceration period and released to serve the remainder of their sentence under supervision.

**Probation-Community Correction**: Usually non-violent felons sentenced to serve a split sentence; a short jail or prison term and the remainder under state supervision.

#### **General Notes**

**Backup**: All offenders sentenced to TDOC custody are counted as admissions. Some offenders are held at a local jail while awaiting transfer to a TDOC facility. Since offenders who are in backup could be released for a number of reasons before being transferred to TDOC, they will only be counted as "backup" when they are released.
